GOLF PERFECTLY SIMPLE (PAPERBACK)

Completelynovel, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Golf Perfectly Simple is an easy to understand golf instructional book. I don t believe that a golfers swing should be taken apart and reconstructed just to fix a simple fault, like a slice or a hook. I prefer to work with what is already there and improve on it by giving simple fixes. The most common fault in golf is a slice. I have fixed many slices in as little as 5 shots on the driving range with one simple technique, that is; left thumb left on the left wrist twists left, or as many of my clients like to joke left thumb left just like thumbing for a lift. This is done from waist high height on the down swing, this method will cure a slice instantly. Sounds simple doesn t it? That s what all my clients say when I first show them that method, it can t be that simple well it is. If you are a poor putter, a simple method of one inch per foot can cure your putting woes. Both these methods are explained in the book along with other simple methods of instruction. There is no complicated swing terminology or fancy training aids involved, just perfectly simple golf as it should be. Happy Swinging.
