Dover Publications Inc., United States, 2010. Paperback. Condition: New. Reprint. Language: English . Brand New Book. The first high-quality reprint of a rare guide, this reproduction of an 1882 publication features fifty-two plates of original interior designs. Author William B. Tuthill (1855-1929) is best known as the architect of Carnegie Hall; he also lectured at Columbia University, was a founder of the Architectural League of New York, and served on the Art Commission of Chicago s 1893 Columbian Exposition. His designs are accompanied by those of other prominent American architects, including Gould Angell, Burnham Root, Rossiter Wright, L. B. Wheeler, and Edward Dewson. Tuthill s selections of illustrations include elevations and details of fireplaces, staircases, windows, parlors, libraries, and other interiors of residences, offices, and stores. A practical guide for nineteenth-century architects, carpenters, and builders, this volume remains a fine resource for historians, curators, preservationists, and Victorian home restorers. This edition is enhanced by a selection of advertisements that appeared in the original publication.
