Morgan James Publishing, United States, 2017. Hardback. Condition: New. Workbook. Language: English . Brand New Book. Teens make mistakes. Sometimes fatal ones. In today s world, parents and educators are often baffled about how to impart values and discuss the virtues of conscientiousness, rational thinking, and empathy into wired, stressed, and over-stimulated teens! Through an engaging and relatable story, Taming CHAOS teaches a step-by-step process for making good decisions. Taming CHAOS encourages a healthy conversation with teenagers on the process of decision-making, acknowledging that the decisions and choices they face are valid and worthy of careful consideration. Whether you are a teacher or study group discussion leader, Taming CHAOS offers a unique process of decision making to teenagers and young adults. To remain grounded as a teenager requires a level of clarity and iron restraint that most teenagers simply don t have; thus, many times not always making good decisions or choices in their individual best interest. This Leader s Discussion Guide Workbook, is an excellent resource and compliment for any teacher or study group discussion leader instructing teenagers on the decision making process. The Workbook is well organized and formatted for each chapter of Taming Chaos, providing a short summary, concepts section, and discussion questions which encourage students to drill down on the chapter concepts, employing a mix of concrete abstract questions. We get it. Teachers already have to juggle so many balls in the air. That s why we created simple, succinct and well-written lesson plans for each chapter. These lesson plans will provide a ready-made solution for teaching and growing a student s understanding of decision making.
