The Ambassador of God provides exhaustive and in-depth answers to very difficult questions about our cosmic origin and the planet earth. Almost everything to do with the Sun, Moon, Stars, Water, Mars, Jupiter, Aliens and most importantly God. About the book and author God is real. And for the first time, experimental and observable science reveals his existence. Throughout history, many have argued the existence of God, yet discussions of the Divine have been limited to the realm of philosophy and religion. But what if nature could reveal its creator? And what if science could provide compelling evidences that we have never seen before? What if the identity of the creator behind the origin of our universe can be known for certain? What if This is what The Ambassador of God, a ground breaking look at our cosmic origin, has provided. In this probing book, difficult questions are answered. As renowned scientists and thinkers challenge the biblical narratives for our cosmic origin, The Ambassador of God uncovers the mysteries that have been hidden from human eyes. Using compelling evidences from astronomy to investigate the...
