

Political Economy, Growth, and Business Cycles (Paperback)

By -

MIT Press Ltd, United States, 1992. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. These original contributions by some of today's leading macroeconomists and political economists explore a broad spectrum of social, political, and technological variables that encourage or impede economic growth. What political and economic factors stimulate growth and make an economy expand? These original contributions by some of today's leading macroeconomists and political economists explore a broad spectrum of social, political, and technological variables that encourage or impede economic growth. Topics range from economic reform and price flexibility to the economic effects of political coups and include both theoretical analysis and empirical results. During the past decade, economists have seen important new developments linking growth and business cycles to government policy. These contributions provide a clear understanding of these processes and their effect in shaping economic policy. They look at the welfare side of economics and offer strong economic models to explain the connection between social policies and economic growth. For example, John Londregan and Keith Poole address the economic effects of political coups, Torsten Persson and Guido Tabellini explore the question of whether inequality is harmful for growth, and...
