

Early Carriages and Roads (Classic Reprint) (Paperback)

By Walter Gilbey

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Early Carriages and Roads In the Eastern counties, and no doubt elsewhere in England, our ancestors used the water-courses and shallow stream beds as their roads. This is clear to anyone who is at pains to notice the lie and course of old bye-ways and it is equally clear that a stream when low offered a much easier route to carts, laden or empty, than could be found elsewhere. The beds of the water courses as a general rule are fairly smooth, hard and gravelled, and invited the carter to follow them rather than to seek a way across the wastes. In process of use the banks and sides were cut down by the wheels or by the spade; and eventually the water was diverted into another channel and its old bed was converted into a road. Reviews

Complete information for publication fans. Better then never, though i am quite late in start reading this one. Its been written in an extremely straightforward way in fact it is just soon after i finished reading this ebook in which basically altered me, change the way i believe.

-- **Ellie Stark**

This sort of pdf is everything and made me searching forward plus more. Better then never, though i am quite late in start reading this one. You may like just how the author compose this book.
