BookBaby, 2017. Paperback. Condition: New. Language: English . Brand New Book. Writing this book became quite the struggle for me, particularly in the final year leading to its publication, as I was failing to answer a very fundamental question. Why was I writing this book at all? T.S. Eliot expressed it eloquently when he wrote, We shall not cease from exploration and the end of all of our exploring will be to arrive where we started and know the place for the first time. THAT is what this book is about. It is to show you that there are more rooms in the house you ve been living in than you have come to notice. That you have more options in your life than those that are immediately visible. Do you know what makes me cry in the middle of the day, in public? People debating false choices with a serious tone of voice. Our potential is often far greater than we think and this book is my first attempt at filtering out the noise that is so exhaustingly prevalent all around us. I want to spark an awareness that I am certain you are craving.
