CreateSpace Independent Publishing Platform. Paperback. Condition: New. P. D. Cain (illustrator). This item is printed on demand. 132 pages. Dimensions: 8.5in. x 5.5in. x 0.3in. Whether in the bar, the restaurant or with friends, I was regularly being asked to tell my stories about Percy, the African Gray parrot that I once had the pleasure to own. I was only too pleased to divulge my many humorous recollections of this intelligent little bird who was not only very clever but also devious, mischievous and sometimes destructive. To me he was always a loveable rogue. I found myself remembering other creatures, great and small, which I had encountered. More often than not, these memories are amusing now, although at the time may not have been so comical. The results being that there are many different accounts and experiences which I have been fortunate to have and are included in this book. These range from my encounters with budgerigars and other birds, to mice and elephants. There are some fishy tales as well! This item ships from La Vergne, TN. Paperback.
