Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Trois femmes, a elles seules, resument et personnifient le long regne de Louis XIV, ce regne aux fortunes si diverses. La difference de leurs passions, de leur humeur, de leurs gouts, explique et symbolise les changements de politique du monarque. Comme trois genies, elles president aux trois grandes phases de l existence du roi-soleil. La Valliere, l humble, la timide, la devouee, c est l amour, la poesie, la jeunesse; elle inspire les idees qui peuvent paraître genereuses et chevaleresques. Le soleil se leve, l horizon se colore de leurs splendides, on dirait l aurore d un grand regne. La fiere, la bruyante Montespan arrive a l heure de la toute-puissance; c est l epanouissement de la gloire. La France decouvre en elle des forces et des richesses ignorees, l Europe tremble, les courtisans adorent a genoux en se voilant la face. Le vertige d un orgueil insense trouble la raison de Louis XIV; alors il foule aux pieds toutes les lois divines et humaines, que dis-je? il croit etre lui-meme la loi et la divinite. L astre est a son zenith, il suffit a plusieurs mondes: Nec pluribus impar.
