AUTHORHOUSE, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Many, many years ago, the relatives of today s penguins flew over the ocean and dove down into the water for food. As time went on, flying became unnecessary for their survival. They didn t have any enemies on land that would necessitate escape by air. Penguins spent most of their time in water; air wings gave way to flipper-like water wings. This change made penguins able to fly through water, using the same motions that other birds used to fly through the air. This is a fictional story about why penguins can t fly today.
