Reviews

This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

PROTECTING CHILDREN FROM VIOLENCE: EVIDENCE BASED INTERVENTIONS (PAPERBACK)**DOWNLOAD**

Taylor Francis Ltd, United Kingdom, 2010. Paperback. Condition: New. New.. Language: English . Brand New Book. Providing an evidence-based understanding of the causes and consequences of violence against children, experts in the field examine the best practices used to help protect children from violence. Various types of violence are reviewed including physical and sexual abuse, (cyber-)bullying, human trafficking, online predators, abductions, and war. In addition, it reviews the various perpetrators of such violence including parents and relatives, strangers, other children, and societal institutions. The possible outcomes of such violence including physical injuries, death, depression, anxiety, post-traumatic stress disorders, and damage to the social fabric of the local community are also explored. To enhance accessibility, each contributor addresses common themes: * Opening case studies dramatically illustrate the human cost of abuse and neglect * Empirically driven estimates of the scope of problem to better understand who is at risk and why * Empirically driven testing of interventions to maximize effectiveness of programs * How current research compares to public perception and the impact on public policy * The worldwide problem of violence against children * Evidence-based recommendations for reducing violence against children. The book opens with a review of the history of the problem, the methodological approaches used to study it, and current best practice prevention strategies. The methods used to identify peer victims are then explored. Next child eyewitness memory is examined including the most effective techniques for maximizing the retrieval of information. This is followed by the research on missing and abducted children including the effectiveness of recovery programs such as supermarket campaigns and forensic age profiles. Next how the Internet is used in the victimization of children is explored including tips to help protect children online. Public attitudes toward sex offender registration laws are then reviewed followed by...
