Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Text-Book of Chemistry: Inorganic and Organic With Toxicology, for Students of Medicine, Pharmacy, Dentistry and Biology In the preface to the earlier editions of this book the author clearly specified its scope and purpose. The general plan of the work remains unaltered, and may be indicated by the following extracts from the preface to the sixth edition. The main purpose of the section on inorganic chemistry is to supply certain data which shall serve as the text upon which to discuss the general principles of chemistry. It is the opinion of the author that the object of chemical teaching should not be to lay up in the memory of the student a store of isolated facts, but rather to train his mind in those general principles by which he may reason out chemical problems for himself. If a teacher of chemistry to medical students aim merely to supply them with chemical facts, he and they are foreordained to disappointment, but if the student be led to think in chemistry, the success and possible extent of...
