MARTIN HEIDEGGER S BEING AND TIME (PAPERBACK)

DOWNLOAD

Peter Lang Publishing Inc, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book. The ideas of Martin Heidegger, one of the most important philosophers of the twentieth century, have had a profound influence on work in literary theory and aesthetics, as well as on mainstream philosophy. This book offers a clear and concise guide to Heidegger s notoriously complex writings, while giving special attention to his major work Being and Time. Richard McDonough adds historical context by exploring Heidegger s intellectual roots in German idealism and ancient Greek philosophy, and introduces readers to the key themes in Heidegger s work including Dasein, Existenz, time, conscience, death, and phenomenology. This book, which also considers Heidegger s controversial ethics (or anti-ethics) and politics, would make an excellent text for both introductory and advanced undergraduate courses on existentialism, phenomenology, continental philosophy, and Heidegger himself.
