Berkley Books, 2016. Paperback. Condition: New. Language: English . Brand New Book. Things really go to seed in the newest novel in the New York Times bestselling Book Retreat mysteries. There is a hidden garden bordering the grounds of Jane Steward s book-themed resort--a garden filled with beautiful but deadly plants such as mandrake and nightshade. Tucked away behind ivy-covered walls and accessible only through a single locked door, as described in the pages of Frances Hodges Burnett s classic novel, the garden is of special interest to Jane s current group of guests, The Medieval Herbalists. But when one of them turns up dead, Jane must discover whether a member of the group has come to Storyton Hall to celebrate their passion for plant lore or to implement a particularly cruel means for murder. With thousands of books at her disposal, Jane believes she has the proper materials to solve this deadly problem. If she s wrong, however, she may lose something far more precious than the contents of Storyton s secret library.
