Mom, Dad Teach Me To Read is a step-by-step guide designed to empower parents with the knowledge necessary to assist their own children with learning to read. The sounds chosen are the genetic make-up of all words. Children become strong readers when they learn to decode words. In 2000, the National Reading Panel, convened by The US Congress, released its review of evidence-based reading research. The panel concluded that effective reading instruction includes explicit, systematic teaching of phonemic awareness and phonics, guided oral reading to improve fluency, direct and indirect vocabulary building, and exposure to a variety of comprehension strategies (National Council on Teaching Quality). Mom, Dad Teach Me to Read encompass each of these components.
