Wheat once formed a leading article in the exports of the United States. The trade of that country with Great Britain was then double the present amount in proportion to the number of the population. Had the trade of the two countries continued free, it would have increased with the increase of population and capital. The legitimate exchange trade has decreased between England and America for thirty years. What part has the restrictive system had in producing this result A few facts may enable us not only to answer this question, but to anticipate the consequences of a continuance of the same policy. From the time of the revolutionary war in America until 1812, the trade between the two countries regularly increased with the increase of the population. The average annual consumption of foreign merchandise in the United States for each inhabitant...
