Good electronic book and useful one. It usually does not expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.

Weed, W. H. , Geological Sketch of the Hot Springs District, Arkansas. Senate Documents, Vol. 20, No. 1St, 79 (1902). (Government Printing Office, Washington, D. C.) The results are summarized in a paper published by Dr. Boltwood in the American Journal of Science, 20, 128 (1905). During the past year the writer has determined the quantity of radium present in several tufa deposits from Hot Springs. The results obtained demonstrate that the quantities of radium present in some of the samples examined greatly exceed the quantity found in the particular sample tested by Dr. Boltwood. Such marked variations as he found in the quantities of radium emanation present in the water samples are likewise exhibited by the tufa samples examined. The specimens of tufa used for the tests were obtained through the courtesy of Mr. Martin A. Eisele, 4 superintendent of the reservation.
