Why did I re-write this classic book The Science Of Getting Rich and adapt it for internet entrepreneurs? After 20 years of making a full time living online, but watching others try and fail, I have been constantly fascinated by what makes the difference between those who make it and those who don t? Is it the tools or tactics they are using? Are there some secrets that only those in the Inner Circles know and don t share? Is it the kind of traffic they use? Having read this classic book (original version by Wallace D. Wattles) right at the beginning of my online journey back in 1998, I really didn t get it. But now, after 20 years, when I read it again I realised all the secrets to online success were in here all the time! However, the archaic nature of the language, examples and references made it impenetrable for the modern online entrepreneur. So my mission to re-write this old classic and make it easier to read and understand started.
