The mystery of Art Therapy is demystified in this book as the author offers an illuminating glimpse into her therapy practice. The author is deeply immersed in her own creative process and the respect, delicacy, and understanding that she provides her clients shines through. The poems embrace the painful aspects of her clients lives and show how by working skillfully and creatively with trauma, abuse and mental illness, her clients move forward into joy, well-being and wholeness. Her poetic reflections move us to appreciate how art can be used as an instrument of transformation by travelling through landscapes where words cannot go. Art is unique in its ability to embrace and communicate complex, deep, and subtle aspects of emotional experience. As an art therapist, she responds to visual imagery and studio environment by writing poems. Aligned with how perception and sensibility work, this language arguably offers a fuller sense of multifaceted processes of arts therapy than conventional clinical narratives. Poems hold contradictions, pare down excess verbiage, distill seeds, and speak the thoughts of humanness that mattered. This book will help therapists and researchers gain a more complete comprehension of their work and do something creative and life enhancing with the feelings it generates in them - living the process themselves as the most reliable way to bring it to...
