Intermediate Diploma Thesis from the year 2003 in the subject Business economics - Personnel and Organisation, grade: 810, Maastricht University (FdewB), 14 entries in the bibliography, language: English, comment: Thema: Organizational Cynicism, what are the impacts, when does it thrive, abstract: Cynicism has become a common state of mind in today's society. A cynic is defined by the Oxford Learners dictionary as a person who believes that people do not do things for good, sincere or noble reasons (Oxford Learners, 1989). The roots of cynicism lead back to the ancient Greeks, where cynicism was a school of thought and way of life. In the early times, cynics were accepted as progressive and serious and took part in philosophical debates. When philosophers such as Plato and Aristotle became more famous and increased their followers base, the cynics ceased to exist as a school of thought. A short revival took place during the third century in Rome, showing that cynicism seems to thrive whenever corruption is an issue. The word cynicism itself might have originated from the Greek expression for dog, kyon, which is why cynics were...
