### ***Reviews***

*Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).*  
*(Lexie Paucek PhD)*

## LINE: AN ART STUDY

Dover Publications Inc., United States, 2015. Paperback. Book Condition: New. 211 x 137 mm. Language: English . Brand New Book. Written by a noted illustrator and teacher, this guide introduces the basics of line drawing. British artist Edmund J. Sullivan, who merges the traditional nineteenth-century style of illustration with elements of Art Nouveau, begins by introducing readers to the freehand drawing of abstract lines and advances to the freehand drawing of natural forms, consisting mainly of plane surfaces or single lines. Subsequent chapters illustrate and discuss representations of the third and fourth dimensions, the picture plane, formal perspective, and the drawing of solid objects, including their depiction in shade and shadow, and their modelling. Additional topics include shadows, reflections, and aerial perspective as well as figure drawing.
