THE UNIVERSE REVISITED (PAPERBACK)

John Dalessio, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. John Alessi built the space ship Seeker. John s son, Professor Eric Alessi of M.I.T. invented a revolutionary engine. The magnetronic drive harnessed magnetism together with the gravity of planets as propulsion for his ship. The Seeker was able to travel through space at the speed of light without need for fuel. John and Kimi, his Martian mate traveling in the Seeker discovered...

Reviews

Good electronic book and valuable one. It is one of the most incredible publication we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Mrs. Bridgette Rau MD**

The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Mrs. Josiane Collins**
