

God s Kingdom Duo (Paperback)

By Kenneth Milbourn

Lulu.com, United Kingdom, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book sets out to explain the simple and key message of the Biblical books of Daniel and Revelation. The arguments are based on the pemise that God does not inspire books merely to be argued over in later centuries, but intends them to be understood by those to whom they were first sent, and subsequently by all who read them. Yet the two books covered are said by many that they are too hard and must be left to the professional Theologians to explain. Such a position I find to be an insult to the Divine intelligence, He has us all in mind when He speaks, and we will hear if we only take the bother to read with interest and care. He does not waste His words or His love, but intends us to profit from them.
