By Marvin L Bittinger, Judith A Beecher, David J Ellenbogen

Pearson, 2016. Loose-leaf. Condition: New. 6th ed.. Language: English . Brand New Book. NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value-this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson s MyLab Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson s MyLab Mastering products. For courses in algebra and trigonometry. Visualize. Interact. Succeed. The Graphs and Models series by Bittinger, Beecher, Ellenbogen, and Penna is known for helping students see the math through its focus on visualization and technology. These texts continue to maintain the features that have helped students succeed for years: focus on functions, visual emphasis, side-by-side algebraic and graphical solutions, and real-data applications. With the Sixth Edition, visualization is taken to a new level with technology, and students find even more ongoing review. Also available with MyMathLab MyMathLab(R) is an online...
