iUniverse, United States, 2007. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Lee Miller s book The Cancer Challenge contains much wisdom gained through her experience with cancer and the people she has encountered. Lee speaks as a native, not a tourist, and because of her experience she is able to write a guidebook for all those who find themselves in need of guidance. Lee can coach and guide you along the path to healing. Her book clarifies the value of support groups and also is a resource for the family and friends of those afflicted by the disease. It is far wiser to learn from her experience rather than our own disasters. So read on and find your path to healing yourself and those accompanying you through the uncharted territory known as cancer. Bernie Siegel, MD Author of Love, Medicine Miracles and Help Me to Heal Lee Miller epitomizes all that s valuable and important about SHARE and the peer support model. Her pioneering spirit has helped SHARE explore new areas of support particularly enhancing doctor-patient communication skills. She has brought and continues to bring to the organization and to the women she meets the enthusiasm, optimism and energy of youth and the wisdom that can only come from years. Her passion and commitment to helping women know that they are not alone when diagnosed with breast or ovarian cancer, has impacted the lives of many who have come through SHARE during these thirty years. Alice Yaker Executive Director of SHARE.
