Amazon Publishing, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. PJ Manney continues her action-packed, thought-provoking science-fiction series with the sequel to the Philip K. Dick Award-nominated (R)evolution. In the guise of political revolutionary Thomas Paine, bioengineer Peter Bernhardt brought down the corrupt and powerful Phoenix Club--and then turned revolution into evolution by becoming the first artificial human intelligence: Major Tom. In the two years since Major Tom revealed his digital existence and spread his freedom manifesto, he has been revered as a god and vilified as a demon. The United States and Europe have splintered into ideologically independent regions. Russia and China prepare to expand their empires. In the midst of the chaos, pirates attack a seastead in the Pacific Ocean, capturing one of Major Tom s allies. A mysterious and powerful group wages a secret war. To rescue his ally, Major Tom must first regain his own humanity and somehow save a species he no longer identifies with, and which seems determined to destroy itself.
