

Myriad Circles

By Giles Watson, John Lincoln

Lulu.com, United Kingdom, 2015. Pamphlet. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.John Lincoln s system of drawing or doodling using hundreds, perhaps thousands of circles drawn with a fibre-tip pen is a technique of automatic drawing derived from what the surrealist Andre Breton called Pure psychic automatism . The results can be understood at a number of levels from simple diagrams to symbols and visual metaphors, all of which offer analogies for human thought and experience: images which touch on the unconscious. Giles Watson s poems are creative responses to John Lincoln s pictures, drawing on science, experience and imagination. A little treasury of the mysterious and archetypal, this collection provides a delightful counterpoint to other books in the Green Pulse series.
