Divine Works Publishing, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Have you wondered about the differences between true and false prophetic operations? Would you like to sharpen your discernment to more easily identify the spirit of divination and its inner workings? This book will help you learn the tactics Satan employs to ensnare his victims by the use of familiar spirits. We have been warned that there will be a great end-time deception and that false prophets and false teachers would operate in destructive heresies. This is a true story that bears witness of such and which shares the process of my entanglement, entrapment, and deliverance. The details shared are to bring awareness to the areas of vulnerability within us that leave us wide-open to these type of attacks. But false prophets also arose among the people, just as there will be false teachers among you, who will secretly bring in destructive heresies, even denying the Master who bought them, bringing upon themselves swift destruction. - 2 Peter 2:1 ESV.
