*It is just one of my personal favorite books. I was able to comprehend every little thing out of this published e-publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

They live in happy homes and work everyday jobs and live as we do now - or at least they did until their food supply began to dwindle. Now the entire population is falling to starvation. In a last ditch effort to save themselves and preserve their race the government releases a television broadcast informing the public that it was a government created myth that vampires couldn t sustain themselves by feeding off of other vampires. In an instant the world is sent into a cannibalistic frenzy while the government moves behind the massive distraction to roundup the last remaining human animals to harvest for their own preservation. In the midst of all this, sixteen year old Vincent, who lost his parents in a hunting expedition, is the only hope and protection that his six year old sister has in this world gone mad.
