PROCESS CAPABILITY ANALYSIS

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | With Special Reference to Productivity, Quality and Reliability in the Global Scenario | In view of the advancement in the field of Statistical Process control, the development of the process capability indices for two correlated quality characteristics and characteristics following Weibull distribution have been made and their important sampling properties e.g. Mean/expectation and variance have been defined and explained. The tables for natural tolerance limits have been derived in case of the...
