Biodynamic Craniosacral Therapy, Volume Three

By Shea, Michael J.

North Atlantic Books, 2010. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Michael Shea has produced a fascinating insight into human embryology. He shows how the early movements and formations of the embryo not only relate to the creation of the body and integration of the systems, but also how they are the precursors for the development of the relational dynamics in the baby, infant, and adult. He proposes that practitioners can directly relate to these early forms through a unique development in touch that can bring about changes in our relationship to ourselves, to others, and to the world around us. - Ged Sumner, director of Body Intelligence Trainings and author of Cranial Intelligence: A Practical Guide to Biodynamic Craniosacral Therapy Michael Shea is a master teacher with a gift for weaving together immense bodies of research, information, and insights on Craniosacral Therapy and its influence on the whole human being. True to form, this volume continues his holographic exploration into the development and functioning of human life and the influential dynamics of the practitioner-patient relationship. Dr. Shea finds the space where physiology and archetypal symbology intersect to awaken a new understanding of who...

Reviews

This ebook is very gripping and intriguing. I have got read through and i also am confident that i will gonna read through yet again again down the road. Its been written in an extremely straightforward way and it is merely right after i finished reading this book through which actually altered me, alter the way i really believe.

-- **Noble Hagenes**

The most effective book i at any time read through. It is definitely simplistic but surprises in the fifty percent from the ebook. Your daily life span will probably be enhance once you full reading this ebook.
