Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.For many years the author has worked with civic groups, athletic and band boosters, volunteer fire departments, and other charitable organizations as they tried to raise money to support the worthy cause of their choice. In most cases he found that they were more than willing to put in the effort to be successful but most of them had no clue about what they were about to get themselves into. With that in mind, he set out to write a guide to successful fund raising that anyone can follow. Inside Dynamic Fund Raising Projects you will find at least thirteen projects that can earn your organization a profit. Some require very little upfront investment while others require considerable risk but give you the opportunity to make your organization a lot of money! You choose the project that best fits the needs of your community. Pitfalls associated with each project, that could turn it into a black eye for your club, are pointed out. At the same time, detailed instructions on how and where to advertise, where to purchase required supplies, contact information to help you put on fairs, concerts, wrestling promotions, T-shirt sales and more are presented. Besides a variety of forms to help you with record keeping, sample letters to assist you in your fund raising efforts are included. Each chapter describes a different project and the steps needed to make it a success. Why make the same mistakes that so many other clubs have made over the years? Take advantage of the authors experience in over thirty years of fund raising for civic groups. Get a copy of this book Dynamic Fund Raising Projects: Second Edition and eliminate...
