Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Is your child excited to draw or color, but not so much to read? Both you and your child will love this book! Exciting Sight Words Coloring is not just any kid s coloring book! Each coloring page focuses on either a high-frequency word or a sight word. The focus word is a part of the coloring picture. The children color in and around the word, looking and reading the word over again and again, improving reading and spelling skills at the same time! With each new page, the children practice basic counting skills by simply counting the focus words on each page. Exciting Sight Words Coloring also supports creative thinking. The children are prompted to think of sentences or stories using both the focus word and the picture they are coloring. Last but not least benefit of this book is the coloring itself. Coloring supports child s fine motor skills development, aids in hand-eye coordination, but also develops the skill of patience and learn to focus on details. This book is a part 2 of the Exciting Sight Words Coloring Book series. It contains the second part (50) of the 100 high-frequency and sight word coloring pages. It is great for beginning readers, Kindergarten through First Grade. Exciting Sight Words Coloring part 1 is also available on .
