

Government Efficiency and Effectiveness, Opportunities to Address Pervasive Management Risks and Challenges While Reducing Federal Costs: Testimony Before the Committee on the Budget, U.S. Senate (Paperback)

Filesize: 1.15 MB

Reviews

It is really an awesome ebook that I have ever read. It typically fails to expense a lot of. I am very easily can get a enjoyment of studying a written ebook.

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The federal government faces a long-term, unsustainable fiscal path based on an imbalance between federal revenues and spending. To put the government on a more sustainable long-term path, policymakers will need to have a broad fiscal plan that considers reducing spending, increasing revenue, or more likely, a combination of the two. While addressing this structural imbalance will require fiscal policy changes, in the near term, opportunities exist to act in a number of areas to improve this situation. This statement highlights several areas in which the federal government is facing government-wide management challenges and the opportunities to act: improper payments; IT acquisitions, operations, and cybersecurity; and federal real property. This statement draws from GAO s 2017 High-Risk List, the 2017 annual report on fragmentation, overlap, and duplication, and other related work. Properly managing government resources can help address the federal government s fiscal challenges by preventing fraud, waste, and abuse and ensuring funds are put to the best possible use. Although these actions alone cannot put the U.S. government on a sustainable fiscal path, they would improve both the fiscal situation and the federal government s operations.
