A top quality ebook as well as the typeface used was interesting to see. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Ardhendu Bose, a fatherless middle-class Bengali boy brought up by a domineering and vicariously ambitious mother, tries to escape from the failures of life, in the arms of his Punjabi girlfriend, a BPO job that is sheer drudgery, the mindless somersaults of Crystal, his six-year-old Labrador, and in the company of the never-say-die and Texan drawl trawling Manoj. But everything is set to change overnight. A loser from a B-grade Indian business school, Ardhendu is summoned for an interview by RED, the fourth largest Life Sciences company in the world. His life takes a turn for the better, or so he believes, when he is chosen over an IIM hopeful, to be Executive Assistant to President, India Operations, RED. Finally, he gets a life, works with people with exotic names he pronounces effortlessly as though he were one of them, drinks their fine spirits, attends their parties, and climbs the ladder rapidly. Till that epiphanic moment in a penthouse balcony when it becomes clear that there is a price to pay to be a part of that world of predators. A frightful and thought-provoking tale of hunts blurring lines between humans and vampires, The Company RED is the first novel of the RED trilogy by Shantanu Dhar. Page Extent: 192.
