Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

THE CREOLIZATION READER: STUDIES IN MIXED IDENTITIES AND CULTURES

Taylor & Francis Ltd. Paperback. Book Condition: new. BRAND NEW, The Creolization Reader: Studies in Mixed Identities and Cultures, Robin Cohen, Paola Toninato, Increasingly, 'creolization' is used to analyse 'cultural complexity', 'cosmopolitanism', 'hybridity', 'syncretism' and 'mixture', prominent and growing characteristics of the global age. The Creolization Reader captures all these meanings. Attention to the 'creolizing world' has enormous potential as a suggestive way of describing our complex world and the diverse societies in which we all now live. The Creolization Reader illuminates old creole societies and emerging cultures and identities in many parts of the world. Areas covered include Latin America, the Indian Ocean, the Caribbean, West, South and East Africa, the Pacific and the USA. Our authors provide an authoritative review, conspectus and critique of many aspects of creolization. This book is divided into five main sections covering the following key topics: / concepts and Theories / the Creolized World / popular Culture / kindred Concepts / the Creolizing World Each section begins with a brief introduction summarizing the key arguments of the contributors, while the editors provide a provocative and comprehensive introduction to the debates provoked by creolization theory. The Creolization Reader is multi-disciplinary and includes 28 readings and original contributions drawn mainly from history, sociology, development studies, anthropology and cultural studies.
