Good electronic book and useful one. It usually does not expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.

Paperback. Book Condition: New. Paperback. 200 pages. Roger Oakland heads to university with the morals and values of his Christian parents intact. When he enters school, he believes in God as a Creator, but soon exchanges this for Darwinian evolution. After graduation, he begins teaching biology (with an emphasis on evolution) at the same university. Challenged one day by a young Christian student, Roger mocks the whole idea of Creation and God. Through a series of painful circumstances, including the death of a baby son, he begins searching for answers to life - until one day he has a dramatic experience when hit with the realization that God created everything. Becoming a creationist and later a committed born-again Christian, Rogers life is radically changed, and he is filled with a passion to tell others about God. Little does he know at the time that he will travel throughout the world to share his message. Through his research, he finds a connection between evolution and the New Age. He discovers that multitudes of people are rejecting the idea of a Creator God and replacing it with an impersonal pantheistic God. Much to his alarm, Roger learns that New Age concepts, such as this evolutionary God, are being absorbed into mainstream Christianity. As time progresses, Roger realizes that the Christian church is heading down a dangerous road of apostasy. He comes head to head with Christian leaders whom he learns are guiding believers toward a one-world religion via the Roman Catholic church through mysticism and the emerging church. The cost of telling the truth and warning the church is high for Roger Oakland. Within his own denomination, Calvary Chapel, he begins to see signs of spiritual deception. He works tirelessly to teach and warn about the coming apostasy. Eventually, he realizes that...
