Filesize: 1.78 MB

Reviews

Absolutely essential go through pdf. Indeed, it really is play, continue to an interesting and amazing literature. You will not truly feel monotony at at any time of your time (that's what catalogues are for concerning if you question me).

(Julia Mohr II)

GI: HOW TO SUCCEED USING THE GLYCEMIC INDEX DIET (PAPERBACK)

HarperCollins Publishers, United Kingdom, 2005. Paperback. Condition: New. New edition. Language: English . Brand New Book. Gem GI is a clear introduction to what a GI diet is and how it works. It explains the difference between the glycemic index of a food and its glycemic load. The GI food counter rates hundreds of foods using a simple traffic-light system: red for foods to avoid, amber for foods to eat occasionally and green for foods to focus on. Contains a clear introduction to GI diets and how they work. Cuts through the jargon associated with technical sounding terms such as glycemic index and loads. The food rater operates as in the Gem Calorie and Carb counters giving the GI rating as well as calories and carbs for hundreds of different foods. Provides tips and advice on how to use GI dieting most effectively and helps you maintain a healthy eating regime. There is also a useful guide to what to choose when eating at your favourite Chinese, Italian, Mexican, etc, restaurants.
