Cinebook, Ltd, 2016. Soft cover. Condition: New. 287 x 217, 48pp. In stock in Australia NOW, for immediate despatch] Action and metaphysics - this is going to be a rough mission for Valerian . The head of Galaxy's Spatio-Temporal Service has himself joined Valerian and Laureline at Inverloch Castle. There, among various human and alien allies, he explains to them the threat that looms over Earth: all of the recent incidents, all those important people gone mad and threatening to bring about the apocalypse . All of that is due to the malicious influence of the mysterious planet Hypsis. But Hypsis is a world that moves from system to system - it'll need to be pinpointed first . 'It's all completely alien but designed with such tremendous care nothing looks pointless or flimsy. Combined with the rock solid narrative of the script, it creates a book that looks and reads like nothing else and manages to balance satire, physical comedy and action with total ease. An assured entry in a justifiably legendary series' [TravellingMan]. Key Points: *A series emblematic of French science fiction *A strong influence on science-fiction films - among others, The Fifth Element and Star Wars *An imaginative and colourful series, with lovable and complex characters - Valerian, an action anti-hero, and Laureline, an early incarnation of the strong, take-charge female.
