

The American Journal of School Hygiene (Classic Reprint) (Paperback)

By Unknown Author

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The American Journal of School Hygiene What was then true of schools is still to a very large extent true. Schools are notably institutions for giving a rather narrow type of intellectual memoriter training. Their houses have been erected on small plots of land little larger than is needed for the buildings themselves, and have not taken into consideration the importance of play and outd001 physical education; they have provided one or more class rooms in a building with seats screwed to the floor and arranged for sedentary book reading; they have provided teachers who to a large extent are unlearned in the physiological aspects of children and of education. In many cases, as very recent school health surveys are appallingly illustrating, they have failed to provide in this library-school room even the first elements of adequate sanitation and hygiene. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Reviews

This published pdf is wonderful. it was writtern really completely and valuable. I found out this book from my dad and i recommended this pdf to find out.
-- **Dr. Bryon Gleichner**

The ebook is simple in go through better to fully grasp. It is actually rally exciting through reading through period. It is extremely difficult to leave it before concluding, once you begin to read the book.
