

Algebra I.

By Bobrow, Jerry

Cliffs Notes, 1994. Soft cover. Book Condition: New. Cliffs quick review. Book Description: A comprehensive review guide to help you refresh your study. This guide is particularly useful for midterms and final exams, condensing a semester's worth of information into one concise volume. From the Back Cover: We take great notes and make learning a snap. When it comes to pinpointing the stuff you really need to know, nobody does it better than CliffsNotes. This fast, effective tutorial helps you master core algebraic concepts from monomials, inequalities, and coordinate geometry to functions and variations, roots and radicals, and word problems and get the best possible grade. At CliffsNotes, we're dedicated to helping you do your best, no matter how challenging the subject. Our authors are veteran teachers and talented writers who know how to cut to the chase and zero in on the essential information you need to succeed.

Reviews

This publication is very gripping and exciting. Better than never, though I am quite late in starting reading this one. I am very happy to inform you that here is the finest PDF I actually have read inside my very own daily life and could be the greatest publication for actually.

-- **Dayana Aufderhar**

Unquestionably, this is the best work by any author. Better than never, though I am quite late in starting reading this one. I realized this publication from my dad and I advised this PDF to find out.
