The following are among the principles observed and the features made prominent: - 1. Reasonable time and space are given to the meaning and use of words in connection with their spelling. 2. Effort is made to render the work attractive as well as useful to the learner by the introduction of letter-writing; by word and sentence building; by giving variety in arrangement; and by conforming, in subject-matter, to the capacity of the average child and the natural order of mind growth. 4. The seat work involved throughout the book is more than copy work, - it implies work with words. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
