*This book is definitely not effortless to start on reading through but extremely fun to learn. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Outskirts Press, United States, 2008. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Why research the book of Mormon? Doesn't the Holy Ghost tell us all we need to know? This researcher found that answers to his questions as to the historicity of the book only led to more questions. Was it God who advised Nephi to kill Laban? Or was it John 11: 50. Were the Plates of Brass real? Were the plates of Nephi real gold or were they a light weight alloy? These questions and others drove me to search for the truth if it was to be found in the Book of Mormon. My search was for the truth and nothing else. Hopefully, my book and charts will assist you in finding this most important element in life, THE TRUTH.
