## WITHOUT SPEECH (PAPERBACK)

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Imagine you are having the time of your life. You have a wife of ten years whom you adore, two grown and independent step- sons, and a teaching career that looks quite promising. Then you wake up one morning with a congested head and swollen tongue. A day later you see a doctor at urgent care. You find out you have had stroke and you are a walking dead man with blood pressure too high for the machines to read but they do show at least 224/118. A normal reading is 120/80. This is bad, very bad. The worse thing is that you can think clearly but you can t speak or at least not clearly enough for people to understand. You are unlikely to ever teach again if you can t speak. This is my story. If I survive, it will be my fourteenth short story I have written for Amazon. If I don t survive I will ask my wife to publish it for me. August 22, 2013.
