STRUCTURAL CHEMISTRY

To download **structural chemistry** PDF, you should refer to the link under and download the file or have access to additional information that are highly relevant to STRUCTURAL CHEMISTRY ebook.

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment.Pages Number: 431 Publisher: Beijing Normal University Press Pub. Date :2008-06. This comprehensive textbook introduces the basics of structural chemistry . including the basic principles of quantum mechanics. quantum chemistry approach to atomic structure. molecular structure complex structure and the crystal lattice structure and x-ray diffraction. structure and properties of metal ion compounds of the structure and properties. It presents the structure of chemical theory and applications of the latest developments. including molecular interactions and supramolecular chemistry. solid structure. the basic theory. calculation and experimental chemistry. structure and properties of new materials and so on. The materials focus on basic theories and methods. focusing on linking theory with practice. to expand the application field of vision. As universities and colleges chemistry and applied chemistry. materials chemistry. biochemistry. medicinal chemistry. structural chemistry and other related professional materials can be used as graduate students and scientists study reference books. Contents: Chapter 1.1 of quantum theory quantum mechanics quantum mechanics-based 1.2 system in a simple application of some basic concepts of quantum mechanics 1.3 Exercises Chapter atomic structure and properties of atoms and ions 2.1 2.2 single-electron quantum numbers and the physical meaning of wave function More than 2.3 electron atomic structure of atomic spectra and atomic orbital 2.4 Exercises Chapter diatomic molecular structure and molecular spectras of 3.1 h +2 structure and molecular orbital theory 3.2 h2 molecular structure and valence bond theory 3.3 pairs of atomic and molecular spectroscopy molecular structure of 3.4 double atomic and molecular structure determination of Exercise Chapter 4.1 of molecular symmetry and group theory, the basic concepts of symmetry elements 4.2 Symmetric a
