The Times Scotland It is seven years after the Sweats wiped out most of the world's population. Survivors settled on the Orkney Islands are trying to build a new society but their world crashes for a second time when the islands' teenagers vanish. Stevie and Magnus are the only ones who can bring them home. Stevie hasn't been back to the mainland since she escaped to the islands after a desperate flight north from London. Magnus never saw himself leaving either. After all, what's left for him there? But Shug was born on the islands and has never known anything different; has never left them. Until now. And what starts out as a journey to bring home some young people intent on adventure soon turns into a race against time to find Shug before he comes down with the Sweats. Or worse.
