While his intent was to elevate generosity to lofty stature, he inadvertently hints that we may perform those good deeds to achieve god-like stature. In that short quote from antiquity is the conundrum that plagues philanthropy to this day—where is the dividing line past which a gift is given more for what it does for the donor than what it can do for the recipient? And is that important? With that opening, Norvell takes us on a brief review of observations and truths he has found in his 30 years work with nonprofits as staff fund raiser and fund-raising consultant. His on-the-point statements are leavened with sage and witty comments from the famous and near famous. Norvell has found a way to make us think deeper about generosity and improve its results. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
