GRIN Verlag Feb 2016, 2016. Taschenbuch. Book Condition: Neu. 210x148x3 mm. This item is printed on demand - Print on Demand Neuware - Scientific Essay from the year 2016 in the subject Sociology - Social System, Social Structure, Class, Social Stratification, , language: English, abstract: Social class issues have taken a crucial role in the social sciences (Martti, 2000). The term 'social class' was developed in the 18th and 19th centuries and has been used widely, particularly by sociologists and political-economic theorists such as Thomas Hobbes, John Locke, Jean Jacques Rousseau, Karl Marx, Max Weber, Ralf Dahrendorf and so on (Encyclopaedia Britannica, 2012). It is clear that societies have been stratified into various classes (Roberts, 2001). Social inequality and the differences between people are two such obvious characteristics in every society that it has become necessary to classify society into the different classes (Crompton and Gubbay, 1980). Furthermore, Steenberge (2012) states that 'normally, individuals are grouped into classes based on their economic positions and similar political and economic interests within their culture'. Inequalities can be seen as being stratified on the basis of social class and this has been a main area of Marx's theory. Social class is a key to comprehending the different social opportunities available to different social groups and individuals in societies (Marsh et al, 2000). In the Communist Manifesto, Marx saw the whole of society as likely to have just two huge classes; Bourgeoisie and Proletariat, which come into direct conflict with one another, especially in capitalist societies (Crompton, 1993). Whilst, Weber's viewpoint about social class is analogous with Marx perspective, he supposed that having private property could have a role in the formation of social classes in societies (Reid, 1981). He also assumed that the variances between social classes in society might be a source...
