FIFTY PERCENT NEAR

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.A very nervous Amisha stood on the dais, behind the microphone, waiting for the thunderous applause to subside, before beginning her speech. This was no ordinary moment - on the dais was present the senior staff of MIT and the global CEO of Microsoft. And amongst the audience were present the students and staff of MIT, besides her husband, daughter and old parents - all proud of her achievement and eagerly waiting for her to begin. The occasion? The annual event at MIT and to honor Amisha, the extra-ordinary Odissi dance teacher from California, and originally a resident of Bhubaneshwar, Orissa (India). This teacher had demonstrated to the world how technology could be leveraged to impart personalized lessons in traditional Indian dance form. From a small student base of 5, she had expanded her dance institute to over 150 students nationally in the US, with multiple virtual dance centers! Using social media and collaboration technologies, she had shown how technology can be a distance killer. In a world where dance or any form of art is regarded as highly personalized and high-touch instruction driven, this little-known teacher had made waves by using social media and video sharing technology to create virtual classes with a secret recipe. Read Fifty Percent Near to learn Amisha s remarkable journey- from a young lass at Bhubaneshwar to an ordinary stay-at-home mom to an extra-ordinary case study at MIT; and her secret sauce to leverage smart and modern social media and collaboration technologies to transform a high-touch art form to a low-touch yet equally personalized virtual reality. This book is for a cause. 50 of the proceeds received from sale of this book...
