

The Gendered Atom: The Sexual Psychology of Science (Paperback)

By Theodore Roszak

GREEN BOOKS, United Kingdom, 1990. Paperback. Condition: New. 1st. Language: N/A. Brand New Book. In *The Gendered Atom*, Theodore Roszak explores the uncharted depths of the scientific soul. There, beneath the scientist's rational, purportedly objective surface, Roszak finds a maelstrom of repressed sexual biases and gender stereotypes. Far from a purely objective view of the natural world, science—down to the very conception of the atom—is suffused with sexual politics. And the result, sadly, is a culture at risk from global warming, nuclear proliferation, toxic waste, genetic engineering, and more.
